**Raja Yasir Humayun Sarfraz**

(Minister Higher Education, Punjab)

*Education improves an individual's quality of life. Higher education enables individuals to expand their knowledge and skills, express their thoughts clearly in speech and in writing, grasp abstract concepts and theories, and increase their understanding of the world and their community. In this regard Introduction of grading system at Secondary and Higher Secondary level (Boards of Intermediate and Secondary Educations) will not only strengthen, conceptual and practical learning of students but will also put an end to "rattafication". This will open an era of knowledge and skills acquisition, thus enabling our youth to be more empowered and capable of bringing change.*

**Ali Sarfraz Hussain**

Secretary, Higher Education Department Punjab

*Higher Education Department, Government of the Punjab is taking all steps for raising educational standards in the province and ensuring provision of education to all aspirants at their door steps. To achieve this end, all Boards of Intermediate and Secondary Education (BsISE) are required to play their role by ensuring transparency in Secondary School Certificate (SSC) and Higher Secondary School Certificate (HSSC) annual examinations. The meritocracy can only enable talented students to raise to top position and contribute to make this country more strong, developed and prosperous.*

*I believe that Board of Intermediate and Secondary Education, Faisalabad and other Educational Boards will make all efforts to improve their evaluation and assessment system by adopting international best practices for raising the standards of education in the province.*

**Prof. Dr. Tayybah Shaheen**

Chairperson B.I.S.E., Fsd.

*From the very start of my professional career, I have always believed in prompt action and immediate results. There is no word like tomorrow in my dictionary. When Govt. of Punjab entrusted me with this responsibility as Chairperson of Faisalabad Board, the main task was to deliver and serve the public. So I made a promise to myself that I will provide justice at doorstep without complication because justice delayed is a justice denied. Therefore, I have adopted open door policy for the public. People are welcome to visit my office any time. Start of online tracking system in board is a fruit of this thought.*

## (D) Library Day

Books are the ultimate friend of men. These are the ticketless airplanes that take its reader across the world at any place he desires without any cost. These are best way to explore the world beside and before us. In addition to the aspect of adventure, exploration and information, books

are the means of knowledge and wisdom for the reader. These are also the tools of transmission of cultural values, ethos, tradition, literature, collective norms and knowledge of a society to another century and generations. Custodian of this treasure is Libraries. All of the great Nations of the World have great Libraries which hold so much knowledge that a whole new civilization can be restarted on their basis. These were the words of Secretary BISE, Faisalabad Dr. Saleem Taqi Shah on Library day (21-3-2022), who is not only a seasoned administrator but also an Urdu Literature enthusiast and researcher. He has in depth knowledge of Urdu Literature and knows well its significance in the current era.

Library day was celebrated in the library of BISE, Faisalabad by Mr. Zulfiqar, Research and coordination officer, BISE Fsd on the direction of Chairperson Board Dr. Tayybah Shaheen, who herself is a books lover.

Librarians and writers across the Province were invited in the ceremony to commemorate the importance of libraries in current era and to see how books in soft form (in mobiles and laptops) are affecting actual books (are libraries). All of participants agreed on this point that though mobiles and its applications have removed the need of space and money required for establishing large libraries but the aesthetic and actual impact of real books is incomparable to books in soft form. In addition to this, knowledge is retained in memory for much longer period of time when we reader from actual books.

Ceremony ended in pray for preserving books and libraries for purpose of saving our future generations.
